

Hydraulic cold welding Machine AC1510-B

Product use:	Used for copper, aluminum, gold, silver, nickel, platinum, zinc, tin, tantalum, niobium and other non-ferrous metals and their alloy wires' cold welding.
Model No .	AC1510-B
Welding Size :	Cu: 3.00 mm-10.00 mm, Al: 4.00 mm-15.00 mm
Material of product:	The body made for Precision casting material
The advantage:	Independent hydraulic pump station High efficiency and low energy consumption
Dimensions:	1300mmx730mmx1200mm
Motor power	2.2KW
Recovery Oil pressure	0.5Mpa-0.8Mpa
Voltage	380V/50HZ
Product Weight:	650KG
