SWM-J1 Portable Welding Machine

一. Advantage:

	<ol style="list-style-type: none"> 1. Welding Results is perfect 2. Pulling force test: constant to the joints. 3. The resistance test: Resistance value is not greater than that of the original wire. 4. changes of wire diameter: In order to meet the user's need for welding the wires of various materials our company can provide the cold welding dies having various kind if inner grooves for users

1, The detailed specification will be integral part of this quotation.

2, Price basis: Price are for delivery FOB Shanghai, China according to INCOTERMS 2010. And the exchange rate for USD: RMB is 1:6.60. If the exchange rate is changed over 0.5%, the quotation will be adjusted accordingly even in the validity time.

3, Validity of quotation: the quotation is validly within 30 days after issue date.

4, Delivery period: the delivery time is 10 days after receipt of your down payment

5, The quotation is based china standard material and package.

6, All the bank charge is paid by buyer.

Leading the global wire and cable industry with intelligent manufacturing and new materials.

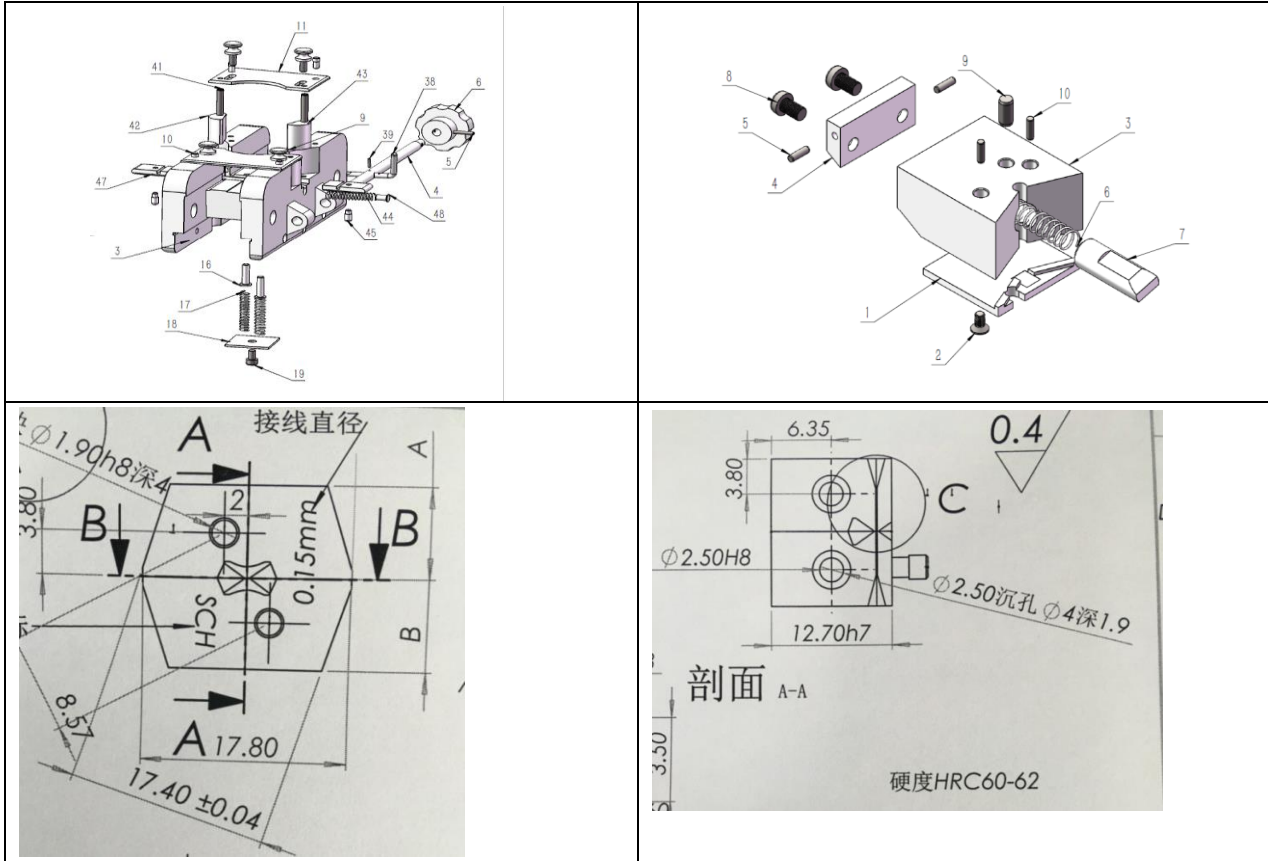

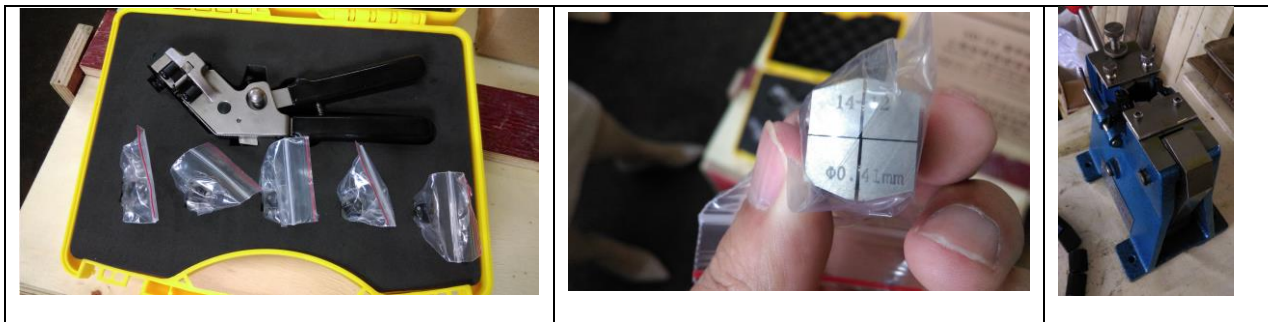

四、SPECIFICATION

SWM-J1 Portable cold welding machine

Product use	Copper, aluminum, gold, silver, nickel, platinum, zinc, tin, tantalum, niobium and other non-ferrous metals and their alloy wires' cold welding.
Welding Size	Cu:Φ0.10~0.50mm, Al: Φ0.10~0.50mm,
Body material	Casting stainless steel
Advantage	Without power supply, safe and reliable, simple operation and welding, after welding the resistance of the material elongation and related physical and chemical indicators won't change.
Dimensions	L×W×H 190mm×50mm×60 mm
G.W	1.0Kg

Dies	J1

REMARK:

- 1, The detailed specification will be integral part of this quotation.
- 2, Price basis: Price are for delivery FOB Shanghai, China according to INCOTERMS 2010. And the exchange rate for USD: RMB is 1:6.60. If the exchange rate is changed over 0.5%, the quotation will be adjusted accordingly even in the validity time.
- 3, Validity of quotation: the quotation is validly within 30 days after issue date.
- 4, Delivery period: the delivery time is 10 days after receipt of your down payment
- 5, the quotation is based china standard material and package.
- 9, All the bank charge is paid by buyer.

Leading the global wire and cable industry with intelligent manufacturing and new materials.

四、 SPECIFICATION

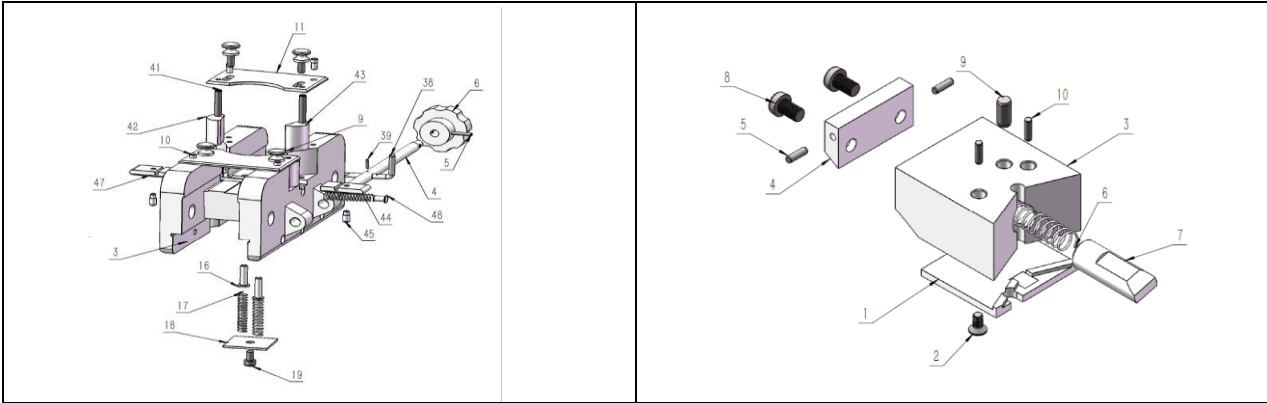

SWJ4T table type cold welding machine

Product use	Copper, aluminum, gold, silver, nickel, platinum, zinc, tin, tantalum, niobium and other non-ferrous metals and their alloy wires' cold welding.
Welding Size	Cu: $\Phi 1.00\text{-}\Phi 4.00\text{mm}$ Al: $\Phi 1.00\text{-}\Phi 6.00\text{mm}$
Products material	The body made for Precision casting steel
Advantage	Without power supply, safe and reliable, simple operation and welding, after welding the resistance of the material material elongation and related physical and chemical indicators won't change.
Dimensions	LxWxH 550x550x920
G.W	130 Kgs
Dies	J4
